

U Mass Dartmouth
EAS621, MTH599/499 and PHY495
October 19, 2016

ASSIGNMENT 7

(due **noon, Monday, Oct. 24** and before the start of class on
Wednesday, Oct. 26, 2016)

READING

Read and be prepared to discuss Sec. 8.2 of the *Mayfield Handbook*.

WRITING

You handed in a paragraph on October 18, and have now received two sets of grader's comments on it. Rewrite your paragraph and hand it in by **Monday noon, October 25**. What you hand in, and everything you subsequently hand in, should be double spaced.

ORAL PRESENTATION

Prepare your midterm presentation on your project. Be ready to present a 10+5 talk on Wednesday, October 26. You will have a maximum of 10 minutes, and a minimum of 8 minutes. Undergraduates will have a maximum of 8 minutes and a minimum of 5 minutes.

In the grading of your presentation very heavy weight will be given to the extent to which you follow the advice in the several readings and discussions you have had about how to give a good talk.

No later than **Monday noon, October 25** you must send to
rprice.physics@gmail.com

an outline of your talk, with a brief description of the organization and coverage you intend for it.
